Alternatively, applications can be sent via post to Isipa – Instituto Universitário – William James Center for Research – Rua Jardim do Tabaco 34, 1149-041 Lisboa, Portugal, and received within the specified application period.

Applications must include the following mandatory documents (as indicated in point 4):

- b) If applicable, and in accordance with point 4 of this call for applications, recognition of the Bachelor if this degree was awarded by a foreigner higher education institution, and respective conversion of the final classification to the Portuguese classification scale. Alternatively, a declaration of honor clarifying that the recognition was requested and will be dated within the application period;
- c) Detailed curriculum vitae (CV);
- d) Motivation letter.

All documents must be submitted in PDF format.

The non-compliance with these requirements may determine the rejection of the application.

12. Evaluation and selection criteria

The evaluation and selection process will be conducted according to the merit of the candidate and based on the following (weighted) criteria:

. Criterion A: Academic degree based on the final classification indicated in the Bachelor’s diploma/certificate (10% of the overall evaluation);

. Criterion B: Previous experience in data collection, reporting and presentation, and publishing experience, as shown in the candidate's CV (70% of the overall evaluation);

. Criterion C: Motivation and interest in the field, as shown by the candidate's motivation letter (20% of the overall evaluation).

Applications will be evaluated, and candidates ranked, on a 0,00 – 20,00 scale. The final classification will result from the application of the formula:

$$\text{Final Classification} = (\text{Criterion A} \times 10\%) + (\text{Criterion B} \times 70\%) + (\text{Criterion C} \times 20\%)$$

For tie-breaking purposes, the ranking of the candidates will be based on the classifications assigned to each of the evaluation criteria in the following order of precedence: Criterion B - Previous experience in data collection, reporting and presentation, and publishing experience, as shown in the candidate's CV; Criterion C - Motivation and interest in the field, as shown by the candidate's motivation letter; and Criterion A – Academic degree based on the final classification indicated in the Bachelor's diploma/certificate.

If none of the candidates presents the appropriate and/or necessary skills and competences required for the position and respective work plan, despite fulfilling all the requirements for admission, the Evaluation Panel has the right to not attribute the fellowship(s).

Note for the evaluation of Criterion A:

1 – When candidates submit more than one equivalent Bachelor's degree (equivalent number of ECTS), the Evaluation Panel will decide which academic degree is best suited for the pursuit of the research plan and which should, therefore, be considered for Criterion A. Other course(s) presented by the candidate can eventually be considered for Criterion B;

2 – The Evaluation Panel will award the minimum score (10 points on a 0 – 20 scale) required for obtaining a degree in Portugal when the submitted Portuguese certificate does not mention the final classification;

3 – The Evaluation Panel will award the minimum score (10 points on a 0 – 20 scale) required for obtaining a degree in Portugal when candidates submit a declaration of honor indicating they have completed the cycle of studies leading to a Bachelor's degree by the application deadline but do not present the concomitant certificate (as indicated in point 4 of the call for applications);

4 – The Evaluation Panel will award the minimum score (10 points on a 0 – 20 scale) required for obtaining a degree in Portugal when degree certificates/diplomas issued by foreign institutions are not recognized in Portugal and/or do not have the respective final classifications converted to the Portuguese evaluation scale (as indicated in point 4 of the call for applications);

5 – If the candidate presents an Integrated Master's degree awarded by institutions that do not issue certificates/diplomas with discrimination of the final classifications of 1st (Bachelor's) and 2nd (Master's) cycles, the evaluation of Criterion A will be the weighted average of the first three years (1st cycle) based on the classifications obtained in each curricular course completed. Candidates in this situation should, therefore, submit a certificate/diploma that details the classifications of each curricular course (and concomitant ECTS) of the Integrated Master's degree.

13. Composition of the Evaluation Panel

Professor Doctor Teresa Garcia Marques (Full Professor at Ispa – Instituto Universitário, Integrated Researcher in the William James Center for Research at Ispa – Instituto Universitário; President)

Professor Doctor Filipe Loureiro (Assistant Professor at Ispa – Instituto Universitário, Collaborator Researcher of the William James Center for Research at Ispa – Instituto Universitário; Effective member)

14. Communication of results

The results will be notified no later than 90 working days after the closing date for submission of applications to the e-mail address provided by the applicants.

15. Deadlines and procedures for preliminary hearing, complaint, and appeal

After communicating the provisional list of the results, applicants who want to dispute the results have a period of 10 working days to request a preliminary hearing, per Articles 121 and following of the Administrative Procedure Code (CPA). The final decision will be communicated after examining the arguments presented at the preliminary hearing. After this communication, the selected candidate has 10 working days to accept, in writing, the awarded fellowship. Otherwise, withdrawal or renouncement of the fellowship will be considered, unless a proper justification is presented.

After the final decision, a complaint may be placed within 15 working days or, alternatively, an appeal within 30 working days, both counting from the notification date. Applicants who wish to submit a complaint or an appeal should address their complaint to the Board Of Director of the funding agency.

In case the selected candidate renounces or withdraws from the fellowship, the Evaluation Panel can notify and award the fellowship to the candidate(s) in the subsequent position(s), if applicable, and according to the final ranking list.
