4.4 — After the phase of approval in absolute merit, the jury will begin the process of appraisal of applications, taking into account the criteria set out in this notice.

#### 5 — Evaluation and selection:

5.1 — The selection methods are curricular evaluation and a public presentation.

5.2 — The evaluation of the scientific and curricular course focuses on the relevance, quality and timeliness:

- a) Of scientific, technological, cultural or artistic production in the last five years, deemed most relevant by the candidate;

- b) Of knowledge extension and dissemination activities developed in the last five years, namely under the scope of the promotion of culture and scientific practices, deemed most relevant by the candidate;
- c) Of the activities of management of science, technology and innovation programmes, or the experience in observing and monitoring the scientific and technological, or higher education system, in Portugal or abroad.

5.3 - In the assessment of the aspects referred to in points 5.2 (a) and (b), the experimental activity based on behavioral and cognitive measures developed in the fields of developmental psychology, social psychology, social cognition, psychology of perception or psychology of language will be specially weighted, applying a weighting factor of 2.

5.4— The five-year period mentioned above can be extended by the panel, if requested by the candidate, whenever the suspension of scientific activities is reasoned by socially protected grounds like parental leave, long-term serious illness, and other legal situations of unavailability to work.

6 — Curricular Evaluation. This component of the evaluation is expressed on a numerical scale from 0 to 20 taking into account the following criteria:

6.1 — Curricular evaluation criteria are:

6.1.1 - Criteria for the evaluation of the Scientific Performance of the last five years considered more relevant by the candidate (16 points);

- Scientific Production. Quality and quantity of scientific production in the area that the Competition is open (books, book chapters, articles in scientific journals, papers presented in conferences) expressed by the number and type of publications, and the recognition given by the scientific community (the quality of the location where it has been published and the references made by other authors);

- Coordination and participation in scientific projects. The quality and quantity of scientific projects in which the applicant has led or in which has participated within the subject area of the Competition, whether financed through public funds of national or international agencies or by enterprises. The assessment of the quality must take into account the funding obtained, the degree of difficulty of the funding competition, the expert assessment of the projects carried out.

- Intervention in the scientific community and constitution of scientific communities. Assessing the capacity to intervene in the scientific community, particularly by organizing events, being (co-)editor of journals, participation in the assessment of projects and articles, being invited to give speeches, participation in academic juries, as well as being recognised through awards or other distinctions and respective impact. It will also evaluate the orientation of students in doctoral and post-doctoral work.

6.1.2 - Criteria for evaluating extension and knowledge dissemination activities developed over the past five years, in particular in the context of promoting culture and scientific practices, considered to be of greatest impact by the candidate (2 points);

Publications to disseminate science and technology. Presentation of lectures and seminars for the general public.

6.1.3 - Criteria for the evaluation of the activities of program management for science, technology and innovation, or experience in observing and monitoring the scientific and technological system or in higher education, in Portugal or abroad (2 points);

The candidate's participation in activities of scientific, technological and management innovation, or on the observation and monitoring of science and technology or system of higher education, in Portugal or abroad.

6.2 — The score obtained in the curricular evaluation method is expressed on a numeric scale of 0 to 20, considering the valuation up to two decimal places.

6.3 — The jury deliberates by vote justified according to the criteria of evaluation, no abstentions are allowed.

6.4 — The classification of each candidate is obtained by averaging the scores of each of the elements of the jury.

6.5 — Once the Curricular Assessment is completed, the top 3 candidates are approved for the next evaluation method as indicated in point 5.1.

In the event of a tie, the decision of the tie-breaker shall rest with the President of the jury.

6.6 — Candidates who obtained a rating of less than 15 points are excluded from the public notice.

7 — Public Presentation session:

This session, is intended solely for clarification of aspects related to the research results of the candidates admitted to the public presentation phase.

7.1 — In this session the candidates make a public presentation of a topic of their choice with a duration of up to 30 minutes, which will be followed by a discussion that will have a maximum duration of 60 minutes.

7.2 — The Public Presentation evaluation is expressed on a numerical scale of 0 to 20, taking into account the candidate's scientific knowledge and ability to communicate, as well as the answers to the questions put by the jury and the development perspectives in the unit for which they are applying.

7.3 — The jury deliberates by roll call voting, not permitting abstentions.

7.4 — The classification of each candidate is also obtained by the average of the scores of the members of the jury.

8 — Ordering of candidates

8.1 — The final score of each candidate is obtained through a weighted average, by assigning a weighting factor of 90% to the curricular evaluation score and a weighting factor of 10% to the public presentation score. In case of a tie, the decision of the tie-breaker shall be the responsibility of the President of the jury.

9 — Participation of the parties and decision:

9.1 — The final ordering project is communicated to candidates by e-mail for the purpose of their hearing.

9.2 — At the hearing of the interested parties, the jury appreciates the allegations offered and approves the final ordering list of candidates.

10 — Publication of Competition Notice

In addition to being published in Series 2 of the Diário da República the present notice is also published in:

- a) The public employment pool;
- b) The website of the Foundation for Science and Technology, I.P., in Portuguese and English;
- c) The website of the University of Aveiro, in Portuguese and English;
- d) In a national newspaper.

11 — This tender is exclusively destined to fill the specified vacancy and can be terminated at any time until approval of the final candidate list, expiring with the respective occupation of mentioned vacancy.

12 — In compliance with paragraph h) of Article 9 of the Constitution of the Portuguese Republic, the Government, as the employing entity, actively promotes a policy of equal opportunities between men and women in access to employment and professional advancement, scrupulously taking measures to avoid any form of discrimination.

17 of October, 2022 — The Rector, *Professor Doutor Paulo Jorge dos Santos Gonçalves Ferreira*.
